#### Extension Activities:

1. Learn about what a lunar eclipse is here (<https://www.youtube.com/watch?v=mbT50-rppaU>) and watch a time lapse video of a full lunar eclipse here (<https://www.youtube.com/watch?v=buXTecdfqxo>)
2. Write a poem about (or to!) the moon.
3. Fly a kite. If you don't have one, try making one. You can find simple instructions here: [https://www.youtube.com/watch?v=XI\\_NiH1g0VQ](https://www.youtube.com/watch?v=XI_NiH1g0VQ)
4. Write a letter to someone you would like to see and mail it to them.
5. Discuss dreams. What is something you really want to do when you're older? What will be the steps to do it? Do you think it will be hard or easy? Is there something you can start doing now to get ready?
