

Animate a Name!

Click on the link to get started!

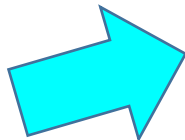

<https://csfirst.withgoogle.com/c/cs-first/en/animate-a-name/animate-a-name/animate-a-name.html>

- Click on the **Video** and watch the short introduction. Once you have watched the video, you're ready to create your own project!

The screenshot shows the Google for Education interface for the 'Animate a Name!' activity. The main area features a video player with a green starburst graphic containing the text 'ANIMATE A NAME!'. A pink arrow points to the video player, and a green arrow points to the 'Starter Project' link in the 'Links' sidebar. The sidebar also contains 'Instructions' and a 'Sign in' button.

- After watching the video, click the **Starter Project** link. You are ready to begin!

- You can keep adding to your project and get more creative by choosing an **Add-on** next.

- Have Fun!

The 'Choose an Add-On' menu displays several options:

- A** Change Color: Change the color of a letter when it's clicked.
- E** Grow and Shrink: Change the size of a sprite when it's clicked and add a sound to match the animation.
- W** Draw a Letter: Draw your own letter and make it move.
- B** Spin: Add a letter and rotate it when it's clicked.
- X** Bounce: Move the sprite up and down and add a sound as it bounces.
- Wave**: Create and change to different costumes.
- Bounce Everywhere**: Move the sprite all around the stage, then make...
- New Backdrop**: Switch to a different backdrop by clicking the...
