

Make Music!

Click the link to get started!

https://scratch.mit.edu/projects/editor/?tutorial=music&utm_source=codeorg

- To begin your project, watch the short video tutorial.

- After watching the video, you can click through the arrows in the tutorial to help you create your project.

- By adding more instruments and sounds, you can start a band, orchestra, or a one person show!

- Once you have followed the prompts in the tutorial, keep creating! Mix things up by adding a background or another sprite.

Happy Coding!
