

Dance Party

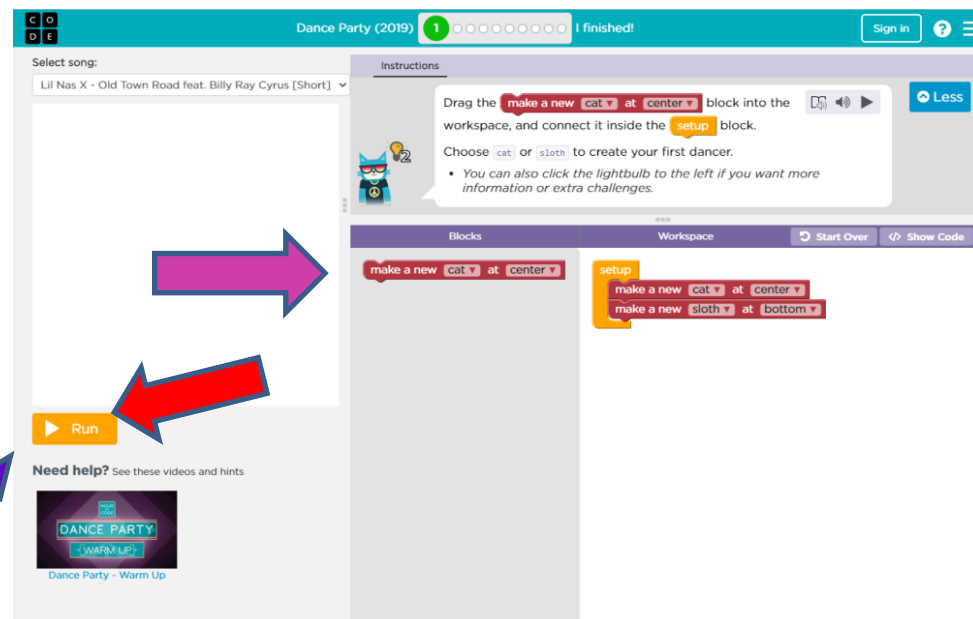

- Code your own Dance Party!
- First click on the [link](https://studio.code.org/s/dance-2019/stage/1/puzzle/1) to watch the video
- <https://studio.code.org/s/dance-2019/stage/1/puzzle/1>
- To begin your project, choose your **age** from the dropdown menu, and you're all set to go.

- There are small **prompt boxes** that help you create your project. Follow the instructions as you go along. Click and drag the block code to create your video.

- Continue adding new dancers, and choose your own music, following the **prompts** from the videos.
- Click on **RUN** to see your creation.
- If you need a refresher, see the **Need Help** video on the bottom.
- Keep coding through all the coding dance challenges.

Have fun!
