Extension Activities:

1. The Duck/Rabbit optical illusion is actually very old. Learn more about it here: <https://www.youtube.com/watch?v=mBdi85m0qEk>
2. Draw your own Duck/Rabbit illusion. Check out this video for a simple step-by-step: <https://www.youtube.com/watch?v=5wg3w3sbG0A>
3. Want to see more optical illusions? Hoopla has books you can check out! Try *Exceptional Eye Tricks* by Brad Honeycutt. You can also search YouTube for optical illusions.
4. Play a ducky version of Hot and Cold--hide a plastic egg then have one person look for it while the other participants quack louder when the seeker gets closer to the egg. Take turns being the seeker and the quacker(s).
5. Discuss--what animal did you see first, a duck or a rabbit? Can you switch back and forth to see both?
