

Mouse Paint  
By Ellen Stoll Walsh

Available on Hoopla (a Bonus Borrow!) <https://www.hoopladigital.com/>

Extension Activities:

1. Get out some paper and paint. Try mixing colors like the mice did--do you get the same results?
2. Try to make an outfit completely out of one color so you look like the mice after they jumped in the jars of paint. Choose a color and find anything you can think of to dress yourself with in that color. (We'd love to see your outfits--you can post pictures in the comments of this post!)
3. Play hide and seek around your house. The mice were able to hide from the cat--can you hide from your siblings or parents? Take turns looking for each other.
4. Make mouse finger puppets--find instructions in this video: <https://www.youtube.com/watch?v=2s5OftRzzks>
5. Discuss your favorite color(s).
