Extension Activities:

1. Climb a tree, just like a squirrel. If you don't have any good climbing trees, talk to your parents about what else might be ok for you to climb.
2. Squirrel changed the story to make it just how he liked it. Try writing your own story!
3. The squirrel and the prairie dog named themselves after their favorite foods. Write down your favorite food on a nametag and call everyone in your house by their favorite food name for a day.
4. Make tacos together for dinner.
5. Talk about your favorite foods!
