Extension Activities:

1. One of the things Penelope did in her classroom was build with blocks. If you have blocks at home, pull them out and build something cool. If you don't have blocks, find something else you can use instead, or make your own. Here is one idea: <https://supersimple.com/article/make-your-own-recycled-blocks/>
2. Turn the tables on Walter the Goldfish by eating a snack of goldfish.
3. Penelope's classmates drew pictures of dinosaurs and hung them up in the classroom. (Check out the front and end pages of the book to see their work!) Can you draw a picture of a dinosaur?
4. Make brownies together.
5. Discuss friendship. What makes a good friend? What are some ways to make new friends? What are some things not to do when you're trying to make new friends? What are some things you could do to be a good friend right now?
