The Fixed Stars by Molly Wizenberg

SUMMARY

At age 36, while serving on a jury, author Molly Wizenberg found herself drawn to a female attorney she hardly knew. Married to a man for nearly a decade and mother to a toddler, Wizenberg tried to return to her life as she knew it, but something inside her had changed irredeemably. Instead, she would discover that the trajectory of our lives is rarely as smooth or as logical as we'd like to believe.

Like many of us, Wizenberg had long understood sexual orientation as a stable part of ourselves: we're ""born this way."" Suddenly she realized that her story was more complicated. Who was she, she wondered, if something at her very core could change so radically?
